10 things to make a note of this week...

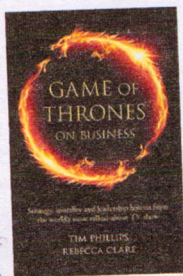

1 RUN YOUR BUSINESS LIKE GAME OF THRONES

Lifestyle tips from Westeros

A new book claims that, if you want to get ahead at work, forget looking to industry gurus like Richard Branson or Bill Gates. Instead, you should take a few tips from, er, those power-crazed, blood-lusting characters in *Game Of Thrones*.

The authors claim their publication offers 'strategy, morality and leadership lessons from the world's most talked-about TV show'. While they're not recommending you do anything like, say, behead your rival for that promotion, the book is surprisingly full of solid advice based on the storylines. With chapters like 'Don't Mix Business And Pleasure: Jon Snow And Ygritte Learn The Perils Of Bringing Your Love

Life To Work', 'Network, Network, Network: Tips On Working Your Connections From Petyr Baelish And Lord Varys', and 'Lead To Serve: Daenerys Targaryen Demonstrates How To Lead Without Resorting To Tyranny', it might be what you need to rise through the ranks. Or at the very least, avoid snogging that sexy colleague at the next office Christmas party...

DON'T
make like Ygritte and Jon Snow and bring love into the workplace

DO
make like Daenerys and lead without being a tyrant
